

Colonial Newspaper Project

TLW create a colonial newspaper - Give the paper any name you wish. (Such as the Philadelphia Times.) Have most of the following on a 1/2 sheet of poster board in black or white as there were no colors in old newspapers. You may wish to make your paper appear old as an antique or stained with tea bags and you may want to use irregular edges.

You will make up most of these by referring to Chapters 5 and 6 in the textbook .
